

Flexible math platform to accelerate learning

Texas educators can use Zearn Math to accelerate math learning during blended learning, intervention, tutoring and after-school programming.

Everything we do is driven by the belief that every kid is a math kid.

Zearn is the 501(c)(3) nonprofit educational organization behind Zearn Math, the top-rated math learning platform used by 1 in 4 elementary-school students and by more than 1 million middle-school students nationwide.
