# About Zearn

Zearn is the 501(c)(3) nonprofit educational organization behind Zearn Math, the top-rated math learning platform used by 1 in 4 elementary-school students and by more than 1 million middle-school students nationwide. Zearn Math supports teachers with research-backed curriculum and digital lessons proven to double student academic growth across all levels of student proficiency. Zearn Math can be used flexibly to support a range of instructional needs including Tier 1 and 2 support, acceleration, intervention, tutoring, after school programming and summer programming.

## Zearn Math is aligned to Florida's Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards for Mathematics

We are committed to ensuring that our high-quality instructional materials align to Florida's B.E.S.T. Standards for Mathematics to fully support Florida's students and teachers. The tables on the following pages, organized by Florida's B.E.S.T. Standards, identify the alignment between each grade-level standard and Zearn Math lesson(s).
