

Getting Started with Zearn Math

A checklist for District Leads

Each district should have a **Zearn District Lead** who fosters a positive culture around Zearn for schools and teachers. In most cases, this is a district-level team member. This checklist outlines the steps that District Leads should take, along with School Leads, as they launch Zearn together.

1 Plan your implementation

- ☐ Align on Zearn's time in the schedule and the usage expectations.
- ☐ Identify a district team to support schools.
- ☐ Identify a district Tech Lead and begin the rostering process.
- ☐ Schedule a monthly check-in with your Zearn Partnership representative.

2 Schedule training

- ☐ Schedule an orientation session for principals and School Leads.
- ☐ Schedule training sessions for School Leads, educators, and instructional leaders.

3 Engage staff

- ☐ Share the training schedule with all staff.
- ☐ Share Zearn's vision and usage expectations with staff, including where Zearn fits in the daily schedule.
- ☐ Help principals identify a School Lead.

4 Prepare for launch

- ☐ Confirm with district Tech Leads that all accounts have been set up.
- ☐ Confirm that both educators and students can sign in.
- ☐ Ensure classrooms have 1:1 headphones and devices that meet the technology requirements.
- ☐ Ensure classrooms have printed materials.
