

# Navigating Spanish-translated Content

For the 2026-27 school year, teachers with a Zearn School Account can enable students to access all K-5 digital lessons in Spanish. This is the second phase of Zearn's multi-year rollout across grades K-8. Use this guide to learn how to turn on Spanish content for your students!

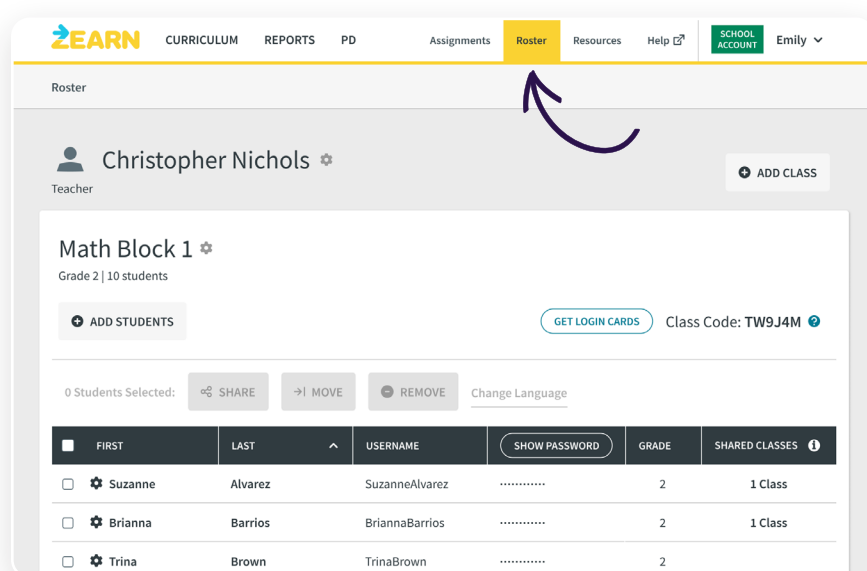

## I. Teacher Instructions to Change Students' Language Settings

The login page features the Zearn logo at the top. Below it are input fields for 'Email or Username' and 'Password', followed by a 'Sign In' button. A link for 'I forgot my password' is located below the sign-in button. At the bottom, there are three social login options: 'Sign In with ClassLink', 'Sign In with Clever', and 'Sign In with Google'. A link to 'Sign Up for Free' is at the very bottom.

1

Log in at [zearn.org](https://zearn.org).

The Roster page shows the user's profile (Christopher Nichols, Teacher) and a list of students in 'Math Block 1' (Grade 2, 10 students). The page includes a 'Roster' tab in the top navigation bar, which is highlighted with a purple arrow. Below the student list, there are buttons for 'ADD STUDENTS', 'GET LOGIN CARDS', and 'Class Code: TW9J4M'. At the bottom, there is a table with columns for 'FIRST', 'LAST', 'USERNAME', 'SHOW PASSWORD', 'GRADE', and 'SHARED CLASSES'.

| FIRST                    | LAST    | USERNAME | SHOW PASSWORD  | GRADE | SHARED CLASSES |
|--------------------------|---------|----------|----------------|-------|----------------|
| <input type="checkbox"/> | Suzanne | Alvarez  | SuzanneAlvarez | 2     | 1 Class        |
| <input type="checkbox"/> | Brianna | Barrios  | BriannaBarrios | 2     | 1 Class        |
| <input type="checkbox"/> | Trina   | Brown    | TrinaBrown     | 2     |                |

2

Navigate to the Roster page.

**3**

Check the box next to the student's name — or select multiple students or the whole class — then choose 'Change Language' to enable Spanish for the selected student(s).

CANCEL SAVE

5

Confirm the Language Setting by clicking “OK”.

6

On the Roster page, you will now see a new column showing which students have Spanish access. K-5 digital lessons will default to Spanish, but students will have the option to switch to English when needed.

## II. Student Access to Language Preferences

1

Once enabled, students will see their feed and K-5 digital lessons in Spanish. If a student is currently working in a lesson when Spanish is enabled, the view will update after the page refreshes or when they move forward (e.g., to the next Math Chat question).

2

Students with Spanish enabled can switch languages at any time by clicking “See in English” / “Ver en español” from the feed and from the digital lesson they are currently working on. This flexible design allows students to engage with math in Spanish while continuing to access key terms and concepts in English, supporting comprehension and ongoing learning.
